

Tellus Users

Information

This course is targeted to the users of the Tellus system. We will go through how the web client can help the users to handle their absences, and go over the other applications that can help them to handle their presence.

Course Length

The course is scheduled for one day.

Prerequisites

No prerequisites are necessary.

Objectives

The objectives with the course is that the user should have a good knowledge of how they can handle their presence/absence and how the system can be used to make the daily work easier for operators, colleagues and customers.

Where

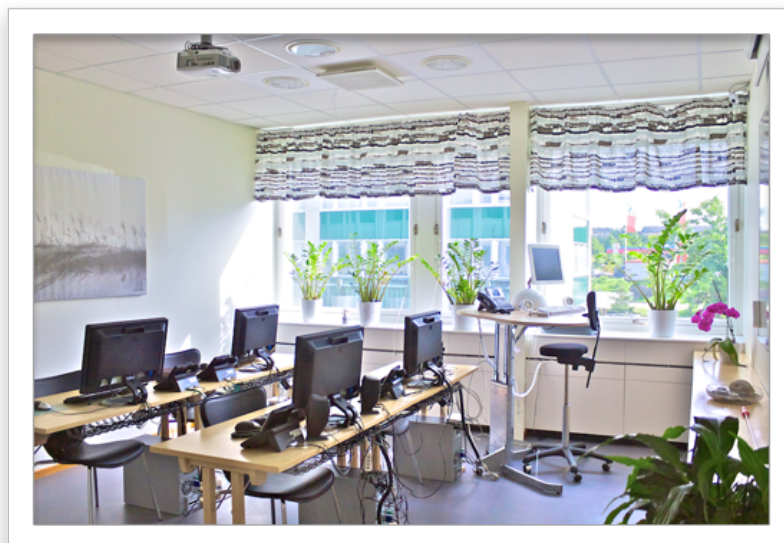

The course will be held at SourceTech, Vretenvägen 6 in Solna, Stockholm.

Detailed directions are found on the last page of this document.

The course can also be held on site, cost for lodging, transportation and subsistence will be added.

Documentation

The training material will be handed out in the beginning of the course.

Stockholm's subway

Find your way to SourceTech:

Train

Travel to Stockholm Central Station and change to the subway or commuter rail as shown below.

Subway

Take the blue line 10 on Hjulsta to station Vreten. It takes about 10 minutes from Stockholm Central Station by subway and then it's 1 minute walk.

Commuter rail

From Stockholm Central Station take the train to Bålsta two stations to Sundbyberg (About 8 minutes), then you can switch to the subway to the Kungsträdgården station and go one station to Vreten (1 minute), or you can walk, which takes about 10 minutes.

Plane

Bromma Airport: Bus 152 towards Älvsjö station, get off at stop Vretenvägen (9 minutes), from there it is 1 minute walk.

Arlanda: Arlanda Express to Stockholm's Central Station, switch to the subway or commuter train as above.
